

THE SPACE MIRACLE WITH ELECTRIC HEIGHT ADJUSTER

uni-cart

The latest version of **uni-cart** can now be supplied with integrated, electric height adjuster. It can be used as a standing or seated workplace and the height can be conveniently adjusted to suit the relevant working conditions. This feature ensures a correct ergonomic working position at any time. The screen and keyboard can be moved as a unit. The height adjuster has a possible load rating of up to 20 kg.

The remote controller for the variable, electric height adjuster is attached to the keyboard holder.

THE SPACE MIRACLE WITH ELECTRIC HEIGHT ADJUSTER

uni-cart
