

MULTIX

TAILORED MEDICAL TROLLEYS

A complete range of trolleys engineered around Italian **design expertise** — where usability, aesthetics and functionality meet.

Endless configurations through a wide accessory portfolio.

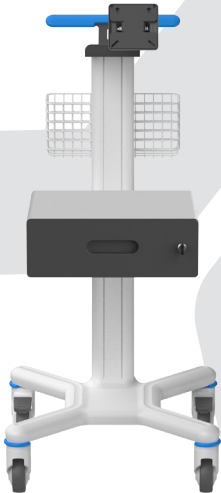

PART OF

itd

Endless Configurations and Customization.

Multix Equipment Carts provide reliable mobility and a **modular structure** that adapts to a **wide range of medical devices**. From compact setups to higher-capacity configurations, each platform can be equipped with shelves, drawers, baskets, rails and dedicated supports—making it easy to organize accessories, **improve ergonomics** and keep everything within reach.
