MedTech SYSTEM PARTNER

ABOUT iTD

From concept to a customized, ready-to-ship MedTech System

iTD is a global MedTech System Partner for medical carts, support arms, and medical system integration services. We support MedTech companies bringing their technologies to the point of care faster, more reliably, and with less complexity – from carrier system development and medical device integration to ready-to-ship systems and fulfillment.

Since 2025, the MULTIX Product Line has expanded the iTD portfolio with medical carts featuring Italian design. It extends our range of solutions for applications including ECG, ultrasound, ventilation, IT, and workstation systems.

HOW CUSTOMERS BENEFIT FROM iTD

Reduce internal workload
Less engineering and integration effort

Shorten time to market
Faster path to a market-ready system

Simplify coordination
One partner coordinates all activities

Increase scalability
Scale without added complexity

Increase supply and cost certainty
Local manufacturing, diversified supply chains

Create capacity for innovation
More focus on your core business

WE'RE HERE FOR YOU
